

ENDEMANN.SCHMIDT joins JTJB Global Network

ENDEMANN.SCHMIDT is pleased to announce that it will be joining the JTJB Global Network of offices with effect from the 1st of June 2016.

JTJB Global Network was founded by Singapore based law firm Joseph Tan Jude Benny LLP (JTJB) and consists of JTJB branch offices in Kuala Lumpur, Bangkok, Yangon and Taipei as well as associated offices in Piraeus and Los Angeles. JTJB is a full service law firm with special expertise in Commercial Dispute Resolution, Shipping and Maritime, Corporate and Real Estate.

ENDEMANN.SCHMIDT will increase the European presence of JTJB into two important German cities with a strong commercial and maritime heritage. With a big German business community present in Singapore and the Asian region, the partnership will be well placed to service German business interests in the Far East, and render assistance to Asian businesses going into Europe.

Dr. Harald Endemann said “Joining the JTJB Network will allow us to hit the ground running as far as our Far East aspirations are concerned. We have known JTJB for many years, and we are thrilled at the prospect of working with them, particularly across South-East Asia where they have a strong presence”

Also joining the JTJB Network from June will be the South Korean practice, K & P Law Firm, based in Incheon. The large Korean investments in countries like Singapore, Malaysia, Thailand and Myanmar, all countries where JTJB have offices, will allow K & P to leverage on existing local legal knowledge, for the benefit of their clients. K & P have expertise in all areas of commercial law, in both contentious and non-contentious matters. Mr. Taejin Kim, Principal at K & P said “The partnership with JTJB will allow us to service existing and new clients in markets all across South East Asia, and we find that a very exciting prospect. We are looking forward to working with the JTJB family of law firms.”

The addition of Munich, Hamburg and Incheon will bring to 11, the number of locations of JTJB Global Network of offices.
